OBJECTIVE

My goal is to engineer useful platforms and interfaces for people that just work and are a pleasure to use.

WORK EXPERIENCE

NERDERY

Senior Software Engineer *Ann Arbor, MI (Remote)*

Sep 2017 - Apr 2024

- Led engineering teams to add significant new functionality for various clients, from startups to multibillion-dollar enterprises.
- Conducted technical demos and helped project stakeholders understand and decide on appropriate technologies for their needs.
- Reviewed pull requests to ensure code was readable, scalable, bug-free, and satisfied business requirements.
- Collaborated with other developers to troubleshoot issues and determine architectural decisions.

Software Engineer *Chicago, IL*

Apr 2012 - Sep 2017

- Added significant functionality to large, complex applications for various clients.
- Worked with project stakeholders, other developers, and designers to flesh out requirements and make them a reality.
- Regularly reviewed code to maintain quality and standards.
- Mentored junior developers.

YELLOWSTONE CAPITAL

Full-Stack Developer *New York, NY*

Oct 2011 - Apr 2012

- Designed, built, and maintained microsites for capturing business loan leads.
- Designed, built, and maintained a custom admin tool for managing those leads.

DIGITAL 10 MEDIA

Full-Stack Developer *Novi, MI*

Sep 2010 - Aug 2011

- Worked with local business owners to design and build new, custom websites for them.

EDUCATION

Kendall College of Art and Design

Graduated 2010

BFA Industrial Design
